

# PikoClean Universe

PikoClean Universe, a neutral, mild detergent for cleaning in professional industries such as the professional cleaning industry, agro-industry, automotive industry and food industry.

## Benefits:

- Lightly scented, brings a pleasant smell with it
- Perfectly suitable for manual cleaning
- Removes greases perfectly
- Does not deteriorate materials
- Biologically degradable

## How to use:

### Surface cleaning:

- Prepare well (cover/remove vulnerable materials)
- Remove coarse dirt and if necessary soak with water
- Foaming with 2-3% PikoClean Universe ( 2L-3L PikoClean Universe per 100L water)
- Use PikoClean Universe cold
- Soak in for 15 - 30 minutes (never let dry in!)
- Hose down the treated surface with a high pressure washer (until all residues are removed)
- Check the cleaned surface and hose down with low pressure
- When you plan to disinfect: Let the cleaned surface dry as good as possible before disinfecting

### Manual cleaning:

- Make a solution with 2 – 5% PikoClean Universe ( 2L-5L PikoClean Universe per 100L water)
- Use PikoClean Universe cold
- Moisturize the surface with a sponge if necessary
- Brush if necessary
- Let it soak for 15-30 minutes (never let dry in!)
- Rinse with water until all residues are removed

## Dosage:
